

## *E~Funds For Schools On-Line Payment System*

The Clark County School District is pleased to introduce a new program called *e-Funds for Schools*. This program offers various options for parents/guardians who *choose* to make payments on-line and is extremely user friendly. With this program you can make lunch payments electronically from your checking account or charge to your credit card at any time through the school's website.

The *e-Funds For Schools* service is offered to you by a third party service provider and they charge for processing your payment(s), similar to other on-line banking services. **This plan applies a \$1.00 transaction fee to each electronic payment you make from your checking account. For payments made by credit card, there is a \$1.00 transaction fee plus an added convenience fee of 1.99% of the payment.** The system also carries a Non-Sufficient Funds (NSF) charge of \$15. When you set up your account, please review your options carefully. The school district does not request or keep records of family checking or credit card account information. In addition, the school district does not charge or receive any of the processing fee.

You are in full control of your account and can make a payment at any time that is convenient for you. **No payments will be allowed without your knowledge and authorization through this secure payment system.** By providing your home and/or work email address, an email notification informing you of the student's name, purpose of the payment, and the amount of the item will be sent to you each time that a payment is to be processed. The *e-Funds For School* site is secure and uses industry standard data encryption.

### *How does e-Funds for Schools work?*

- Families set up and maintain their own logins, passwords, and payment preferences. Your account information is retained in a password-protected file.
- *e-Funds For Schools* will help to eliminate last minute check writing hassles, improve efficiencies, and help cut costs for both you and the school district
- On-line payments will help eliminate the worry that your children could lose or forget the money intended for school breakfast or lunch or that it might be spent on other non-school related items.
- Payments from a credit card or checking account may easily be set up.
- Parents/guardians may establish a recurring payment or may opt to make a one-time payment.

Please visit our website at [www.clarkschools.net](http://www.clarkschools.net) and click on the e~Funds For Schools icon for more information.

**Important Information:** After logging onto the e~Funds For Schools website, you will be asked to input a Student Number or Family Number. The student number is your child's District ID Number and the Family Number is the primary contact phone number that you have given the school. If you input by phone number you must input the number in the following format (XXX)XXX-XXXX.
